- **Standby power consumption:** < 3.0 W
- **Power consumption:** 18 W

Accessories

- **Included Accessories:** Remote Control, User Manual, Quick start guide, RF antenna cable, Warranty Leaflet, 2 x AAA Batteries, A/V Cable
- **Remote Control I2NC:** Black Slim Sofa

Dimensions

- **Weight incl. Packaging:** 3.5 kg
- **Packaging dimensions (WxHxD):** 520 x 147 x 362 mm
- **Product dimensions (WxDxH):** 420 x 247 x 59 mm
- **Product weight:** 2.4 kg

Product highlights

Progressive Scan

Progressive Scan doubles the vertical resolution of the image resulting in a noticeably sharper picture. Instead of sending a field comprising the odd lines to the screen first, followed by the field with the even lines, both fields are written at one time. A full image is created instantaneously, using the maximum resolution. At such a speed, your eye perceives a sharper picture with no line structure.

Dual Media

Philips DVD Recorders support 'dual media' recording - the ability to create recordings on DVD+R/RW and DVD-R/RW discs. Now you can buy any disc and the Philips recorder will always create fully compatible recordings, which can be played by any DVD player.

i.LINK digital input

Also known as IEEE 1394 and FireWire, i.Link carries all audio and video signals via a single cable digitally, with no loss in picture and sound quality. With i.Link digital video input, you can copy your home videos in their original digital picture quality.
